MIR Response:

There was discussion about the emphasis and tone of a letter of response. It was agreed that we should

- restate our core objectives
- recognise the favourable stance of Stirling Council in preserving Holmehill as open green space, and minimising housing development.
- Totally oppose any building on the land owned by Allanwater developments
- Express the view that any building on Bogside could jeopardise the landscape and access to Holmehill, both for wildlife and humans

CS will draft 2 letters - one in response to MIR, one in response to Open Spaces Strategy. He will then circulate to Board members for comments. When agreed, SM will circulate letter to all HH members, encouraging them to attend the meeting on 27 July, or to send in comments. Also encouraging members to comment re MIR and Open Spaces Strategy on Stirling Councils website.

CS/SM

CS will send copy of letters to DCC and DDT asking them to mention Holmehill in their response to MIR and Open Spaces Strategy
