Dear Sir/Madam

**Fourways Roundabout Shared Use Cycleway Works**

Stirling Council is working to improve the opportunities for active travel across the Council area. As part of that work, the Council is working to complete National Cycle Network route 765 (Stirling to Callander)(NCN765) as it passes through Dunblane. Primarily this will involve sign the route along existing roads and paths. However, there will be works at Fourways roundabout to make the existing footway and junction crossing shared use.

At Fourways NCN765 comes from the Glen Road, crosses the roundabout and heads down the High Street. The work here will involve widening some of the footways to 3m, moving, widening some of the traffic islands and formalising the entrance into the India Gate.

You can find out more information on the attached map.

It is hoped to start carrying out the works towards the end of February and have them finished by April. Both this letter and accompanying map can be found at:  
<http://www.stirling.gov.uk/services/planning-and-the-environment/roads-and-pavements/proposed-roads-improvement-scheme-consultations>

I would be delighted to receive any feedback whether positive or negative on the proposals that you may have. I would be grateful if you could respond with any comments on the proposals **By Friday 31 January 2014**. Please also feel free to pass this information on to anyone else that you feel should know about the proposals

Yours sincerely

Richard Barron  
Senior Access Officer
